

Noticing Creative Thinking

Use this template to capture when, where and how the **Creative Habits of Mind** are currently being nurtured in your school and what are the features enabling this?

Creative thinking happens across all areas of the curriculum and it's about explicitly using pedagogies and practices that cultivate creativity in young people.

Cooperating appropriately
Giving & receiving feedback
Sharing the product

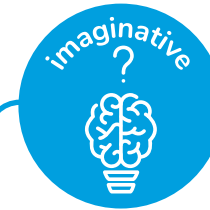

Wondering & questioning
Exploring & investigating
Challenging assumptions

Sticking with difficulty
Tolerating uncertainty
Daring to be different

Developing techniques
Reflecting critically
Crafting & improving
